Fit Guide

SANDALS: Sandals come in whole sizes only (5-11). Whole sizes typically accommodate the half size. For example, if you wear a Sandbaggers size 8.5 you would order a size 8. Our **approximate sandal foot bed length** is listed below with coordinating sizes.

sandals

Size 6:	9 1/4 inches	(23.5 cm)
Size 7:	9 5/8 inches	(24.45 cm)
Size 8:	10 inches	(25.4 cm)
Size 9:	10 1/4 inches	(26.04 cm)
Size 10:	10 5/8 inches	(26.99 cm)
Size 11:	11 inches	(27.94 cm)

SHOES: Shoes run generous, both in width and length. It is typical that you may wear one half-size smaller than your normal street shoe size.* It is also important to know that our golf shoes are designed for no sock to be worn. Shoes are fully lined with a soft, moisture-wicking microfiber sock lining so that they are comfortable against your bare feet.

*Tassel Toe style runs more true to size.

Narrow fit "sizers"

Since our shoes run generous, we have designed a simple, "sizer" that can be added to our shoes to help reduce shoe volume for narrower feet/lower arches. The synthetic fiber sizer can be cut down to size and inserted under the sock liner to eliminate gapping. Please request at time of purchase. This is provided as a courtesy for FREE. It is best to call us directly to discuss the style that would be your best fit. **1-800-659-9607 EST.**

Washable sock liners

Since Sandbaggers shoes are fully lined with a soft, microfiber material, many of our loyal customers choose to wear no sock at all. To maintain shoe freshness, sock liners in shoes (not sandals) may be removed and washed by hand. Please use a gentle detergent and allow your liner time to air dry. Replacements online.
